

Friday 26th June 2020

Dear Parents and Carers,

I hope you are well and have enjoyed the recent sunny spell. The Reception and Year One bubbles have been so successful that we are seeing a significant increase in numbers of children in these year groups that will be attending school over the next two weeks.

This week, teachers have enjoyed taking part in video calls, and on the whole, these have been well-received by parents. Remember, to access your meeting, you need to log back in to <https://groveacademy.schoolcloud.co.uk/> Make sure you log in at least 5 minutes before your appointment to ensure you are set up in time for your meeting.

Next week, we look forward to welcoming back our Year Five children. Mrs Okoro and the rest of the team are really looking forward to seeing you.

Have a lovely weekend,

Best wishes,  
Beth Bullen

### Reception

Our topic this week was Hansel and Gretel; and one of our first tasks was to draw a witch and write labels. What a great way to start our topic. We obviously have some budding artists in Reception by the pictures that we have seen. After labelling the pictures, we moved on to writing the story. OH WOW! What wonderful story writers the Reception children are turning into. Take a look at some of the pictures and writing we have received.

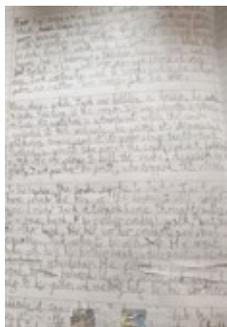

### Year 3

"Dear Year 3,  
It has been so lovely to see some of you faces during the report discussions. I cannot wait to see the rest of you next week! Also, thank you for the lovely science experiment uploads that this week. They have been fantastic! Keep up the hard work Year 3! Take care," from Miss Lalla

### Year 4

This week, Year 4 have enjoyed making a small world, linked to the Impossibly Possible Bookshop. They have also been demonstrating a good understanding of prepositions. At the beginning of the week, I was delighted to be able to share stories written by Safaa and Matthias. Next week, I hope to be able to share more stories that will be written in the week ahead.

### Year 1

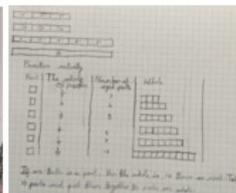

Dear Year Ones. We have had such a positive second week back at school. The children have settled in really well. Thank you to all of the parents who have attended their final parent meeting. It has been a great

pleasure sharing their achievements with you. The picture shows us making equal groups.

### Year 2

In year 2 for English the children have been trying to up level their sentences by including adjectives. For Project they have been working with modelling clay to try Morphing shapes. They used balls of clay or dough to explore how their shape can be changed by rolling, twisting, cutting and stretching.

Look at these examples of our incredible work.

### Year 5

We are still focusing on theme parks in Year 5, in particular, the children have been following instructions to make different theme park snacks and treats and then writing their own recipes. In maths, they have also just finished four weeks work on fractions - you worked so hard! Keep up the great

work Year 5. I'm really looking forward to seeing you all next week.
